Professional Summary

Final-year ECE student and aspiring Software Engineer with proficiency in Java, Python, and Embedded C. Skilled in object-oriented programming, data structures, and scalable software development. Demonstrates strong analytical thinking, adaptability, and a proven ability to deliver technical solutions. Eager to contribute to Qualcomm's mission through innovation and engineering excellence.

Education

Pragati Engineering College, Surampalem *Expected June 2026*
B.Tech in Electronics and Communication Engineering CGPA: 8.31 / 10.0

VSM College of Engineering, Ramachandrapuram *2020 – 2023*
Diploma in Electronics and Communication Engineering (SBTET AP) Percentage: 89.21%

S.K.P.G.N High School, Ramachandrapuram *2019 – 2020*
SSC – Andhra Pradesh Board Percentage: 90%

Technical Skills

Languages & Scripting: Java, Python, Embedded C, JavaScript

Web Development: HTML, CSS, React.js, Netlify

Tools & Platforms: Git, GitHub, VS Code, MySQL

CS Concepts: Data Structures and Algorithms, Operating Systems, OOP, DBMS, Computer Networks

ECE Knowledge: Basic Electronics, Digital Electronics, Analog Electronics, Microprocessors, Microcontrollers, Embedded Systems, VLSI Design, Communication Systems, Signal Processing, PCB Design

Professional Skills

- Strong verbal and written communication skills
- Experience working in collaborative team environments
- Quick adaptability to new technologies and dynamic project settings
- Self-motivated, well-organized, and capable of independent work

Projects

Smart Irrigation & Auto Street Light System [GitHub Repo](#) 

- Developed an IoT-based solution to automate irrigation using soil moisture sensors and control street lighting via LDRs, resulting in 30% improved efficiency.
- **Tools Used:** Arduino, Embedded C

Python Essentials Projects [GitHub Repo](#) 

- Built command-line applications like a task manager and file organizer with modular OOP design and persistent storage using file handling.
- **Tools Used:** Python

Personal Portfolio Website [GitHub Repo](#) 

- Designed and deployed a responsive portfolio showcasing projects and certifications with modern UI practices and mobile compatibility.
- **Tools Used:** HTML, CSS, JavaScript, Netlify

Certifications

- Python Essentials 1 – Cisco Networking Academy (Jun 2025)
- Python Essentials 2 – Cisco Networking Academy (Jun 2025)
- Responsive Web Design – FreeCodeCamp (Jun 2025)
- Java Programming – Infosys Springboard (Jun 2025)
